**DETAILED ACTION**

***Election/Restrictions***

1. Applicant's election without traverse of group I in the reply filed on 12/15/08 is acknowledged. Claims 5-8 are withdrawn from consideration as being drawn to a non-elected invention.
2. This application contains claims 5-8 drawn to an invention nonelected with traverse in the reply filed on 12/15/08. A complete reply to the final rejection must include cancellation of nonelected claims or other appropriate action (37 CFR 1.144) See MPEP § 821.01.
3. Applicant is reminded that upon the cancellation of claims to a non-elected invention, the inventorship must be amended in compliance with 37 CFR 1.48(b) if one or more of the currently named inventors is no longer an inventor of at least one claim remaining in the application. Any amendment of inventorship must be accompanied by a request under 37 CFR 1.48(b) and by the fee required under 37 CFR 1.17(i).

***Claim Rejections - 35 USC § 102***

4. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

5. Claims 1-4 are rejected under 35 U.S.C. 102(b) as being anticipated by US Patents 6900225 and 5849757. Both of these patents teach the instantly claimed process on col 8 for '225 and col 23 for '757. This anticipates the instant claims.
